Losing a loved one is a very difficult and emotional time for you and your family. We know that at times like this there are so many details to consider in such a short period of time, and that stress and grief only make these decisions more difficult.

The after funeral gathering is an important event. It is a time for people to meet and greet each other, some of whom they haven't seen for years, it serves as an opportunity to provide refreshment to those who have taken the time to come and show their support to your family as well as giving occasion for a reunion of family members.

Once the formality of the service is over, food and drink tend to create a relaxing atmosphere where people can be more comfortable to share their thoughts and feelings.

Allow us to help you put together this most important gathering. We provide caring and professional at a difficult time. This is a time for sharing fond remembrances and special moments that celebrate the life of your loved one.

Enclosed we have included some suggested menus for your consideration, and of course custom options can almost always be accommodated.
